A TRADITION OF PERFORMANCE

As a hunter or marksman, the shooting sports are more than just a pastime or hobby—they're a tradition and a passion. At Otis Technology, we feel the same way. That's why we've dedicated over **40 years** to the pursuit of your firearm's flawless performance in the field or at the range.

Since we introduced our first compact cleaning system in 1985, we've continued to pioneer the most innovative and advanced gun cleaning systems—answering the changing needs of shooters and hunters worldwide. Today, our Memory-Flex® cables, caliber-specific bore brushes and 100% cotton patches continue to ensure a proper Breech-to-Muzzle® cleaning, so you can be confident that your firearm is ready for action when you are.

Our commitment doesn't stop at just the shooting sports. We're also proud to be a supplier of choice for our men and women in law enforcement and the military—and will continue to proudly manufacture and assemble our products **right here in the U.S.A.**

ESSENTIAL GUN CLEANING COMPONENTS

What's in your kit and what it does

Breach-to-Muzzle® cleaning is at the core of every Otis cleaning kit, accomplished by the individual components which come together to ensure that you get a proper clean each and every time. Get to know each part and how it contributes to the well-being of your firearm.

Need a reload or a piece M.I.A.?

All components listed are available for resupply or replacement. Jump to page 48 to learn more.

Memory-Flex® Cable

The aircraft grade flexible cables are coated so as to not damage the crown and have a 750lb pull strength. Compatible with all Otis cleaning components.

NOTE: Some cables come with a slotted tip permanently affixed to one end for limited breach cleaning.

Patch Saver®

Used in conjunction with the 3" patches and shotgun slotted tip, the Patch Saver® creates 360 degree coverage in shotgun barrels. Small Patch Saver® for 16, 20 and 28 GA and Large Patch Saver® for 10, 12 and 16 GA.

Bronze Bore Brushes

Otis brushes have a proprietary Tufcor® core wire that is corrosive-resistant with a tighter twist for better bristle retention and brush life. Available in nylon or bronze. Built with corrosive-resistant Tufcor® core wire and 8-32 threaded ends.

Cotton Bore Mops

Otis mops have densely packed, highly absorbent cotton on corrosive-resistant Tufcor® core wire with 8-32 threaded ends.

100 % Cotton Patches

Attach to the slotted tip to form a cleaning swab for 360° coverage. Each patch can be used up to six times. Available in two sizes - 2 inch or 3 inch Cotton or Panoply.

Small Slotted Tip

The small slotted tip is used for .22 through .27 caliber firearms. Used in conjunction with 2 inch or 3 inch Cotton Patches to create a cleaning swab.

Large slotted tip

The large slotted tip is used for .30 through .50 caliber firearms. Used in conjunction with 3 inch Cotton Patches to create a cleaning swab.

Shotgun Slotted Tip

The shotgun slotted tip is used for all shotguns. Used in conjunction with 3 inch Cotton Patches to create a cleaning swab.

Obstruction Remover

Used to clear mud, snow, dirt, or stuck cases. Available in two different sizes for small or large caliber firearms.

Straight Locking Lug Pick

Engineered to clean in the tight crevices of a firearm.

Curved Locking Lug Pick

Designed specifically for the locking lugs of an AR-style rifle with a 90 degree bend to clean the back side of the locking lugs.

Locking Lug Scraper

Designed specifically for the locking lugs of an M4/M16 with a 90 degree bend to clean the backside of the locking lugs.

Brass Scraper

The brass scraper is used to clean carbon deposits and other debris from the bolt face, rails or any other flat surface on a firearm.

Mini End Brush

This end brush can be used to lubricate the slide, but also has stiff enough bristles to dust off carbon and other loose debris.

Female & Male Rods

The female and male rods act as a handle, and can be added onto any Otis component with 8-32 threads for additional length during precision cleaning.

Chamber Brush (For AR platform rifles only)

The tapered bronze bristles scrub the chamber, neck and shoulder. The steel bristles at the base scrub the star chamber of the locking lugs. Standard 8-32 thread. See page 32 for brush sizes.

Short All Purpose Brush

Short All Purpose receiver brush has nylon bristles for aggressive (yet safe on all finishes) cleaning and is complete with male 8-32 threads so that it may be connected to any female accessory for ease of use.

For More Information

See page 48 for more information about bore brush & mop sizes, cotton patches and all purpose brushes

Bore Reflector+

3-in-1 tool allows you to mark the firearm safe, inspect the bore or use as a pull handle when threaded on a cable

SHOOTER'S CHOICE FP-10 Lubricant Elite® CLP

Increase total performance by reducing friction and wear while protecting against rust and corrosion. FP-10 removes carbon, lead & powder fouling. Comes in a half ounce bottle with a built-in applicator nozzle.

8-32 Thread Connector

The thread connector has an 8-32 thread and allows you to combine two Memory-Flex® cables together, increasing the length for longer barrels.

Pin Punch

Easily knock out pins during disassembly with 3/32" pin punch. Use with a rod handle segment for better control.

OTIS ELITE®

#FG-1000

Cleans all firearms from .17 cal through 12 gauge

The Otis Elite® delivers top notch performance and durability to the avid gun user by ensuring a proper Breech-to-Muzzle® cleaning experience unique to the Otis Brand. This universal gun cleaning kit comes complete with **over 60 components** for all rifles, pistols, shotguns and in-line muzzleloaders, including a full Tactical Cleaning Kit all contained in a lightweight, portable case. Proudly made in America and built to last, the Otis Elite® is a must-have addition to any firearm collection.

★★★★★

The Elite is a great kit! Everything you need in one cleaning kit! Used it at my work bench to clean multiple firearms and was never looking for another tool.

Laura C.

★★★★★

Great experience from receiving the package to unboxing it. I've used OTIS products for a couple years now and nothing comes close. I love the fact it's all American based products.

Derrick R.

★★★★★

Has everything I need to keep my firearm collection in great shape. Even comes with a mini kit to take on the fly so you don't have to tote around the larger bag. Very happy with the purchase, will definitely go back to Otis for all my gun cleaning needs to include gift ideas.

SPORTSMAN'S RANGE BOX

#FG-4016-999

Rifles, Pistols, Shotguns & In-Line Muzzleloaders

For the gun owner with multiple firearms, the Sportsman's Range Box is the gun cleaning kit that has it all – and more. This universal gun cleaning kit provides all the necessary equipment for proper Breech-to-Muzzle® cleaning. It cleans all rifles, pistols, shotguns and in-line muzzleloaders.

This cleaning kit also features the B.O.N.E.® Tool which makes cleaning the bolt carrier assembly of MSR/AR style rifles a breeze, and Shooter's Choice chemicals [0.5 oz and 4 oz bottle of FP-10 Lubricant Elite® CLP, plus 10cc syringe of Grease]. Made in the USA, it includes over 60 components all contained in a portable range box that doubles as a gun vise for stability while cleaning.

AR ELITE RANGE BOX

#FG-4016-AR

.223 cal/5.56mm AR-15 Pattern Rifles

For the AR owner who has it all, the AR Elite Range Box is the gun cleaning kit that has it all – and more for AR-15 style rifles. This universal gun cleaning kit provides proper Breech-to-Muzzle® cleaning for AR-15 style rifles plus all the tools you need to pick, scrape and clean caked on carbon and fouling. Properly make sight adjustments and keep your optics clean. Breakdown your ARs safely without fear of marring with the included bench block. This comprehensive range box includes .223cal/5.56mm gear: MSR/AR Cleaning Kit, B.O.N.E.® Tool, Star Chamber Cleaning Tool and replacement pads, extra bore brushes & mops, Ripcord®, All Purpose brush pack, gun cloth, gun towel pack, sight adjustment tool, lens cleaning kit, extra patches and Shooter's-Choice FP-10 Lubricant Elite® CLP. Made in the USA, it includes over 40 components plus 100 cotton cleaning patches all contained in a portable range box that doubles as a gun vice for stability while cleaning.

Includes AR-15 Magwell stand & two holding arms that allow you to rest rifle while apply solvent or perform cleaning tasks.

This kit has everything I need. The rifle mount is a nice added bonus. It holds my MSR style nicely. I highly recommend to anyone.

★★★★★

Great quality. It is a very nicely packaged kit. Easy to store in my range bag. I'm buying more of your products. I love that it is made in the U.S.A.

William M.

★★★★★

Everything to clean most firearms in one convenient kit! Pistols and rifles- makes cleaning easy and fun!

Barry W.

★★★★★

This is probably the best and quickest way to clean any type of firearm and get you back into the competition fast. I am a Otis person for life now. Thanks for putting a great product out there!!!

Eddie R.

Professional Pistol Cleaning Kits

8-IN-1 PISTOL T-TOOL

#FG-THT-P1

Essential pistol maintenance tool

This small, yet mighty tool is an essential item for any Glock owner. The Otis Technology 8-in-1 Pistol T-Tool handles a variety of maintenance needs for your pistol all in one tool that easily fits in your pocket, range bag or pistol case. The base handle has four distinct purposes – 1/4" bit driver, 8-32 threaded insert to accommodate additional components, Memory-Flex® cable slot for use as a T-handle and punch hammer for resetting pins. The tool also includes four bits that seat in the magnetized bit driver. The pin punch has additional length to full push takedown pins through the frame. Keep from losing the nut on the front site with the magnetized front site adjustment tool. The tool also comes with one 5/32" flat head and one #0 Philips bit.

Featuring

- Magnetized Front Sight Adjustment Tool
- Magnetized 1/4" Bit Driver
- Pin Punch
- 5/32" Flat Head Bit
- #0 Phillips Bit
- Punch Hammer
- 8-32 Threaded Insert
- T-Handle Slot for Memory-Flex® cables

MAGAZINE PLATE DISASSEMBLY TOOL FOR GLOCKS

#FG-GMDT

Mags get dirtier than you think

Safely and easily remove the magazine plate on Glock magazines for proper cleaning, maintenance and inspection with the use of the Otis Magazine Plate Disassembly Tool. This tool removes the base plate in order to change out or replace springs. Works with standard Glock magazines and won't damage the plate or magazine body. Not for use with Glock 30 round magazines or extended type base plates.

8-IN-1 PISTOL T-TOOL & MAGAZINE DISASSEMBLY TOOL FOR GLOCKS

#FG-THT-P1-GMDT

Want both? Need to have both? We thought you might. Available in a bundle.

ARMORER'S PISTOL TOOL

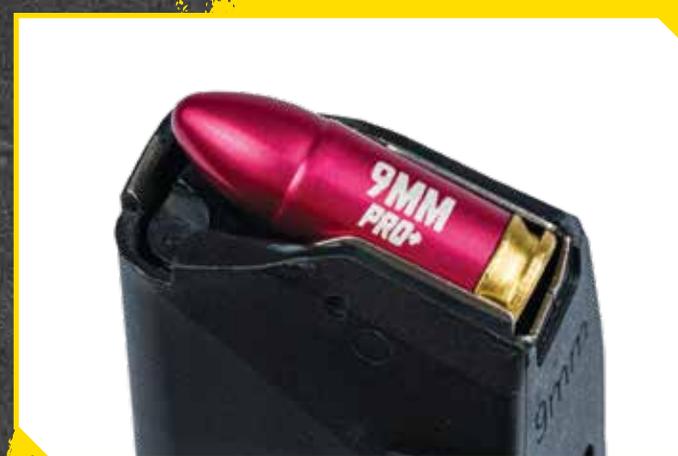

#FG-248-645C

For quick take down and spot cleaning

The Armorer's Pistol Tool offers four tools in one to service and maintain your semi-automatic pistols such as Glock, Sig Sauer, Smith & Wesson, Ruger, Taurus, FN, and H&K. Simply unscrew the nylon end brush to reveal a storage area for additional tools. Disassemble your pistol with ease using the 3/32" pin punch to knock out pins. Install, adjust or remove after-market front sights with the 3/16 nut driver. Remove the trigger connector with the small flat head screwdriver. Brush off any debris with the nylon end brush. The main body of the tool is textured for improved grip while working. Clip the tool in your pocket or in a compartment of your range bag.

Featuring

- Pin Punch
- End Brush
- Scraper
- 3/16 Nut Driver
- In-the-tube Storage

9MM SNAP CAPS

#FG-SC-9MM

Drill baby, drill

Great for inexpensive practice with your firearm, safety training, doing function checks or checking & adjusting trigger pull, Otis Snap Caps stand up to the job. These Snap Caps are also recommended for safe decocking of firearms without fear of firing pin damage or releasing tension on hammer springs while in storage. Don't let the cost of ammunition or lack of range time get in the way of dry fire drills or cycling practice. Precision machined with solid aluminum and hard anodized in safety red. Available in packs of five.

5.7MM PISTOL & CARBINES

#FG-223-57

Cleans all 5.7mm pistols, subguns and carbines

- 4 x 4 x 2½ inch Soft Pack

Breach-to-Muzzle® Cleaning

- 8, 12 & 20 inch Memory-Flex® Cables
- .22 & .35 cal Bronze Bore Brushes
- Shooter's Choice FP-10 Lubricant Elite® CLP (0.5 oz)
- 2 inch Cotton Cleaning Patches (x10)
- Slotted Tip
- Obstruction Remover/T-Handle Base
- T-Handle Bar
- Bore Reflector+

Additional Components

- End Brush

.308 CAL/7.62MM MSR/AR

#FG-762-MSR

Cleans .308 cal/7.62mm AR-10 Pattern Rifles

Includes all items listed for #FG-556-MSR, but with components designed for .308 cal/7.62mm rifles

.223 CAL/5.56MM MPSR

#FG-556-MPSR

Cleans .223 cal/5.56mm Modern Piston Sporting Rifles

Includes all items listed for #FG-556-MSR with the exception of Microfiber Gun Cloth or B.O.N.E.® Tool

.308 CAL/7.62MM MPSR

#FG-762-MPSR

Cleans .308 cal/7.62mm Modern Piston Sporting Rifles

Includes all items listed for #FG-762-MSR with the exception of Microfiber Gun Cloth or B.O.N.E.® Tool

MSR CLEANING PACK

#FG-MSR-CP

Cleans .223 cal/5.56mm AR-15 Pattern Rifles

All your favorite Otis cleaning gear for the .223 cal/5.56mm MSR/AR-15 pattern rifle is now included in one package. Clean the bolt carrier group, star chamber area, gas tube vent and bore with these tools.

Bore Cleaning

- Ripcord®, Pull-Through Bore Cleaner (more on page 32)

Bolt, Bolt Carrier & Firing Pin Cleaning

- B.O.N.E.® Tool (more on page 28)

Star Chamber & Neck Cleaning

- Star Chamber Scraper Tool
- Star Chamber Scraper Felt Pads (x6)
- Chamber Brush

Additional Items

- AR Vent Hole Scraper
- Stiff Blue Nylon All Purpose Brush

B.O.N.E. TOOL

Multiple SKUs Available

Cleans Bolt, Bolt Carrier & Firing Pin of MSR/ARs

The B.O.N.E.® Tool was designed specifically to clean carbon and fouling from the bolt carrier assembly area of MSR/AR style rifles. This quick-clean tool scrapes fouling from the bolt, bolt carrier and firing pin. Also includes an 8-32 threaded hole to act as T-handle. Available for 5.56mm or 7.62mm MSR/AR style rifles.

PLEASE NOTE

While this tool fits many bolts flawlessly, it may fit some bolts better than others due to variance in bolts by different manufacturers.

DESCRIPTION	ITEM#
.223 cal/5.56mm B.O.N.E.® Tool [NSN 1005-01-647-0562]	#FG-246
.308 cal/7.62mm B.O.N.E.® Tool	#FG-276

STAR CHAMBER SCRAPER TOOL

Multiple SKUs Available

Cleans Star Chamber Area of MSR/ARs

This tool quickly and effectively cleans the star chamber in just a few twists. It features a parkerized steel scraper to remove fouling build-up and felt cleaning pads to pick up the fouling loosened by the scraper. The coated brass nose piece centers the tool in the chamber for proper cleaning, while ensuring it won't scratch or damage the firearm. With 8-32 threads, a chamber brush or other scraper components can be attached to this tool for added cleaning.

MULTI-PURPOSE SCRAPER & BRUSH SET

#FG-386-3

Pick, scrape & brush

Our scrapers & brushes work hard so you don't have to. This 3 piece combo set is comprised of 5 scrapers and 2 all purpose brushes. These detailed scrapers cover a magnitude of cleaning - firing pins, bolts, chamber, slides, trigger group and more - removing caked on carbon and fouling with ease. Scrub hard to reach areas with the stiff nylon bristles or scrape fouling build up with the various scrapers.

Featuring

- Angled Scraper
- Flat Scraper
- Pick
- Bolt Scraper
- Firing Pin Scraper
- All Purpose Brushes

I bought the .223 cal MSR kit as a gift to a West Point Cadet. Its weight, completeness, compactness were instrumental.

Kenneth L.

I used the MSR cleaning pack to assist in cleaning my Colt M4 carbine at home. The star chamber tool and B.O.N.E.® tool as well as the vent hole scraper proved to work as advertised. Excellent tools that reduce the time it took to clean without them.

Frederick S.

[The MSR Cleaning Pack is the] Easiest and best cleaning of the bolt carrier group I have had in twenty+ years of cleaning ARs and M4s. I highly recommend this to everyone that prides themselves on cleaning a weapon the way it should be cleaned.

Chris P.

The B.O.N.E. tool is an example of a perfect tool. No moving parts, indestructible, perfect for its destined task, and will last a lifetime. A must have for any AR shooter.

Frederick S.

GUNSMITHING PICK SET

#FG-936

For all the nooks & crannies

The Gunsmithing Pick Set allows you to punch pins, clean locking lugs, slides, rails, bolt, trigger group and more. With two ergonomic rod handles, you'll be able to scrape away carbon from any hard to reach area of your firearm. All items are 8-32 threaded ends and are compatible with other Otis components.

Includes

- Scraper
- Locking Lug Scraper
- Straight Pick
- Bent Pick
- Pin Punch
- Nylon All Purpose Brush
- Textured Ergonomic Rod Handles [x2]

DEFENDER® SERIES

Multiple SKUs Available

1 Kit, 3 Ways to Clean

Keep your rifles & pistols clean, clear, and ready to go with The Defender® Series cleaning system, containing everything you need for a quick, one-pass clean to a full breakdown. With three different cleaning methods, including the Ripcord® for a quick, one-pass clean, solid rods, and everything you need for a Breech-to-Muzzle® clean with our Memory-Flex® cables, 100% cotton patches and brass components.

I had already purchased two other cleaning kits, one 9mm kit, the other a 5.56/.223, they didn't compare. I wished I had done my homework and made it to Otis first. Having the 9mm and 5.56/.223 in the same kit was perfect for me. You get what you pay for and Otis is worth it. Don't waste your money on those other kits, start with Otis.

John B.

RIPCORD®

Multiple SKUs Available

Pull-Through Bore Cleaner

Ripcord® delivers the best one-pass cleaning you can get. Run it through your gun from Breech-to-Muzzle®, with no gravity feed necessary. The rigid, helix-shaped rubber core keeps the cleaning surface pressed against the bore, engaging the rifling for an aggressive clean. The braided Nomex® surface can take up to 700° heat, so you can clean it at the range or in the field while the barrel's still hot. It's fast, effective and ultra-portable.

★★★★★

It's perfect! Simple, easy, cleans great especially with a bore brush and the Otis foaming bore cleaner makes extremely easy, fast, and light work of cleaning.

Thomas M.

★★★★★

Outstanding! The Ripcord system cleans properly, from chamber to muzzle, and does it quickly and easily. No more multi-piece rods to mess with, and no more worry about damaging the barrel's crown, as can happen with some rods. Highly recommended!

Trent P.

★★★★★

I like the Ripcord design, it works very well, an also integrates nicely with my other Otis cleaning products. I keep them in my range bag for a quick clean on heavy shooting days.

William D.

SUPPRESSOR CLEANER

#FG-SUP-CLN

Cleans suppressors up to 12 inches long

Suppressors can get dirty easily but cleaning them isn't always so easy. Extend the life of your suppressor with the Otis Suppressor Cleaning Kit. This kit includes everything you need to remove most carbon fouling and build up from suppressors – Soaking Container, Suppressor Cleaner Concentrate, Baffle & All Purpose cleaning brushes and Microfiber Cloth. Includes a 16 oz bottle of Suppressor Cleaner Concentrate, creating 32 oz of cleaning fluid. Nitrile gloves are also included.

This kit includes

- 9 x 4 x 2 inch Soaking Tube
- Suppressor Cleaner Concentrate (16 oz)
- Nylon Baffle Brush & Handle
- Double End AP Brushes (Nylon, Bronze and Stainless Steel)
- Microfiber Cloth (8 x 12 in)
- Nitrile Gloves
- Instruction Manual

I tried this suppressor cleaning kit and it did a fantastic job. I previously purchased another brand. This kit had more brushes to get into the small crevices of my printed inconel suppressor and it is half the price. Definitely a great produce and an even better value.

Joel T.

SUPPRESSOR CLEANER CONCENTRATE

#IP-916-SCFC

16 fluid ounce refill also sold separately

MUZZLELOADER CLEANING KIT

#FG-50MZ

Cleans .50 cal muzzleloaders

Muzzleloaders can get extremely dirty, even after just one shot. If they aren't cared for often enough, it can make it incredibly difficult to clean or even properly load your muzzleloader. A simple cleaning kit and a proper cleaning regimen are all you need to ensure your muzzleloader doesn't end up in dire condition. Comprised of 10-32 threaded components designed specifically for use with the ramrod that comes with your muzzleloader. This cleaning kit can be used with your choice of muzzleloader cleaning chemicals.

- 9.75 x 4.75 x 1.25 inch Tackle Case

Solid Rod Cleaning (Use the ramrod)

- .50 cal Bronze Bore Brush
- Breech Brush
- .50 cal Cotton Bore Mop
- Muzzleloader Jag
- Slotted Tip
- Cotton Cleaning Patches (x50)

Additional Components

- Microfiber Gun Cloth
- Pick
- Short All Purpose Brush
- Rod Handle

AIRGUN MAINTENANCE AND CLEANING KIT

#FG-AG-MNT

Cleans .17 through .30 caliber

Properly cleaning and maintaining your airguns is a lot like cleaning your traditional firearms but there are some important differences. A silicone-based lubricant and silicone gun cloth to lubricate and protect your airgun while maintaining the integrity of o-rings, seals, and gaskets. A 7-piece Hex L-wrench set that ranges from .71mm to 3mm aids in disassembly of your airguns for maintenance work. A bent pick helps easily remove o-rings and the All Purpose Brush as well as the end brush offer detail cleaning or lubricant application. This kit also includes Breech-to-Muzzle® cleaning gear – a 34 inch Memory-Flex® cable with affixed slotted tip and 2 inch patches (x10) for proper bore cleaning. You'll also be able to maintain your optic with lens cleaning gear. Clean the lead and other heavy metals from your skin with the included lead cleaning hand wipe. All contained in a tackle-box style case.

- 9.375 x 6.5 x 2.25 inch Tackle Case with Removable Tray

Breech-to-Muzzle® Cleaning

- 34 inch Memory-Flex® Cable with affixed tip
- Airgun Lubricant (0.5 oz)
- 2 inch Cotton Cleaning Patches (x10)

Additional Components

085[®] CLP

Multiple SKUs Available

Clean, Lubricate & Protect

085[®] CLP is our most time-tested formula, with over 30 years of proven performance in cleaning, lubricating and protecting firearms. But don't let old age fool you. 085[®] CLP uses advanced engineering to penetrate tight spaces and create a thin film that stops rust and corrosion for long-lasting protection. Cleans, lubricates and protects in one advanced formula while removing carbon, powder residue and fouling from metal surfaces leaving a thin film that seals out moisture to prevent rust and corrosion.

DESCRIPTION (SIZE)	ITEM #
085 [®] Tin [4 oz]	#IP-904-085
085 [®] Wipes [Dual Pack]	#IP-2TW-085
085 [®] Wipes Canister [x40]	#IP-40C-085

★★★★★

I have used this product for some time now. The [085[®]] CLP does not have a strong odor and does a superior job of cleaning my firearms.

JaAnn W.

★★★★★

I trust Otis Tech Clean, Lube & Protect Product - I have cans of it everywhere - tool bench, range bag - bug-out bag and pickup. I keep a can in my knife box - perfect to keep folding knives running smoothly. Best of all - my Wife doesn't kick me out like She did with that other smelly stuff.

Dale K.

SILICONE GUN CLOTH

#FG-3503

Reusable cloth & reusable bag

Keep your firearm looking and performing like new with the Otis Silicone Gun Cloth. The shine this cloth leaves behind isn't just for looks, it offers a long-lasting protection from rust and corrosion too. Composed of soft 100% cotton and saturated with the right amount of silicone, it leaves a thin layer of protection without making a mess. The 10"x14" cloth is made in the USA and comes in a resealable pouch to keep it free of dust for repeated use. It is safe, odorless and non-toxic. Just wipe, polish and protect. The Silicone Gun Cloth is great for firearms, knives, fishing reels, tools and more and works on all metal, wood and plastic.

LEAD CLEANING HAND WIPES

#FG-40C-LRW

40 Count canister

Cleans lead and metals from your hands and face quickly and easily without soap or water. This 40 count canister of wipes can be tossed in your range bag or kept on your gun cleaning bench to clean harmful lead after shooting and reloading.

Cleaning Chemicals & Wipes

DRY LUBE

Multiple SKUs Available

Lubricate with no mess

Originally developed for the United States military, Otis Dry Lube is our most advanced formula yet. Designed for desert use, it lets you quickly and effectively lubricate your firearm in the most unforgiving environments. Dries to the touch in less than 20 seconds and seals out moisture with a thin film of lubricant.

DESCRIPTION (SIZE)	ITEM #
Aerosol [2 oz]	#RW-902-A-55 BU
Aerosol [4 oz]	#IP-904-A-55

★★★★★
Great lubricant. Have used this lube for many yrs. It is non-sticky/doesn't collect dust etc like normal gun oils. I will never use another kind of lubricant on my automatic shotguns. Dries quickly also.
Lance R.

★★★★★
I love this lube, it is extremely easy to apply and protects and lubes firearms and other mechanical devices with out accumulating fouling dirt and debris. Aids in easy cleaning. Pleasant smelling.
Gregg W.

NEW!

PRECISION GUN OIL

Multiple SKUs available

Lubrication & rust prevention

Otis Precision Gun Oil brings you superior lubrication and corrosion protection for every firearm in your safe. This long lasting lubrication reduces friction between moving parts, helping ensure smooth operation and cycling. Precision Gun Oil creates a protective barrier against moisture and oxygen, which prevents rust and corrosion. Effective in temperatures ranging from -35°F to 345°F, and very useful in humid environments.

DESCRIPTION (QUANTITY)	ITEM #

HIGH PERFORMANCE GREASE & LUBRICANT

#FG-MCLGC

Out perform the rest

As a unique mix of aerospace-industry lubricants that was formulated specifically for firearms, MC-10 delivers unrelenting protection. It doesn't look or feel like other formulas – and it doesn't break down like other formulas when things get heated. This combo package includes a 1 fl oz spray bottle of MC-10 high performance synthetic lubricant as well as a MC-10 high performance synthetic grease contained in a 3mL precision applicator pen brush. These formulas deliver the ultimate in friction protection and won't freeze, burn, or carbonize – even in extreme temperatures.

FOAMING BORE CLEANER

#RW-903-A-FC

Clean smarter not harder

Keep your firearm looking and performing like new with the Otis Silicone Gun Cloth. Composed of soft 100% cotton and saturated with the right amount of silicone, it offers a long-lasting protection from rust and corrosion without making a mess. The 10"x14" cloth is made in the USA and comes in a resealable pouch for repeated use. It is odorless and non-toxic. Great for firearms, knives, fishing reels, tools and more and works on all metal, wood, and plastic.

Cleaners, Lubricants & Protectants

BENCH BLOCK

#FG-BBLK-1

Durability meets practicality

Accommodates a wide variety of firearm take down needs. Offering the perfect balance of hardness to ensure minimal energy loss when punching out pins while also protecting your firearm. A variety of oversized holes are featured on the block to allow for pin removals sized 1/16" - 3/4" thus covering every firearm's needs. Flat and round pockets securely accommodate nearly any pistol slide while the v-cut offers a stable surface for working with larger round objects such as a rifle bolt or top of a rounded pistol slide. The square hole is designed to assist while easily removing the rear sight from nearly any pistol. The block also features a magnet to store small parts such as springs and pins.

WISE JAWS

Multiple SKUs Available

Tough, durable & reliable

Designed by professional gunsmiths, the Otis Soft Jaws are an essential item to protect your firearm while keeping it secure in a vise. Works with light duty vises up to large, heavy duty vises (minimum vise jaw measurement is 4"L x 0.5"H). Composed of a non-slip rubber material, with the perfect balance of hardness and flexibility that won't mar or scratch gun metals. The rubber is oil, solvent and alcohol resistant and easily wipes clean. Featuring a top lip that helps protect the firearm and, in conjunction with embedded magnets, hold Soft Jaws in place.

DESCRIPTION **ITEM #**
General Use Jaws #FG-VSJ-GEN
Flat Jaws #FG-VSJ-FLT

COMPATIBLE WITH MOST STANDARD TABLE OR BENCH VISES

DESIGNED FOR MIL. SPEC. AR-15 RECEIVERS & ALLEVIATES TENSION ON THE RECEIVER BY ENGAGING LOCKING LUGS

AR-15 LOCK BLOCK

#FG-ARLB

Lock and install

Make the removal and installation of barrels and even hand guards quicker, while also allowing you to tackle stuck barrel nuts with ease. Held in a standard bench vise, the AR Lock Block locks into the barrel extension, securing it from twisting and minimizing the chance of marring. The torque is applied to the barrel extension rather than aluminum upper - for a stronger, more secure hold. To accommodate internal receiver differences present in the market, the AR Lock Block is designed with a bronze bushing which allows the tool to work with slightly smaller internal specs. Designed for Mil. Spec. receivers, the AR Lock Block works on most ARs. Crafted from 1018 steel and finished in a manganese phosphate coating, it'll stand up to the job and then some.

★★★★★

[AR-15 Lock Block] I used this on my 300 Blackout to install my gas block and muzzle device. It worked very well. Simple to use just clamped it in my vise and slide the barrel onto shaft. Easy to rotate barrel when needed. Best tool I've bought.

Tim S.

★★★★★

[AR-15 Lock Block] This Otis Lock Block was exactly what I needed to replace my stock suppressors with new Keymo devices for Silencers. The feel of the upper receiver locking in place on this lock block along with the brass sleeve, made the upper receiver feel like it was locked in the vise itself. I definitely recommend this product to anyone needing an AR-15 lock block!

Dan S.

★★★★★

[Gunsmithing Punch Set] First, it was great to find this set. I wasn't in the arena to buy a giant set of punches when I only needed a handful. Plus, them being brass, there was less chance of dinging my rifles. The price was good too. So, stop reading my review and buy this set. Fits right in with a range bag or at home in your maintenance kit.

Sean N.

★★★★★

[Gunsmithing File Set] Worked excellent for doing finish work. I have several older guns that the metal fit and finish wasn't what I liked so was able to get in to some tight places and smooth out some machine marks. I have plans to work on some my ARs and AKs to get the tolerances better.

Sean N.

GUNSMITHING FILE SET

#FG-934

Essential gunsmithing tools

These hardened steel alloy files make the perfect addition to any work bench and make quick work of any project. With dipped handles that stand up to any job and provide easy maneuverability, superior grip and excellent control. Perfectly suited for precise work, the 6 Piece Needle File Set increases your accuracy during use while reducing hand and wrist stress. The included PVC pouch provides a storage option keeping your tools neatly organized and protected. Each piece is 5.5 inch long with 3.5 inch file length.

GUNSMITHING PUNCH SET

#FG-935

Safely install or remove solid pins

For all your at-home gunsmithing needs, this punch set gets the job done. Assemble and disassemble firearms, install or remove solid pins, align parts, hold springs in place and more. Made from corrosion resistant brass and hex machined. The chamfered striking surface reduces burring.

Includes
5 brass, 4 inch long pin punches
Sizes 3/32, 3/16, 5/32, 1/8 & 1/4

MICROFIBER GUN CLOTH 3 PACK

#RW-3501-3

Gentle but durable & reusable

The Otis Microfiber Gun Cloth is perfect for cleaning all surfaces. This 12" x 8" reusable cloth is ideal for use on firearms, tools and knives as well as optics.

GUN TOWELS 3 PACK

#FG-3502-CG-3

Tough & absorbent

Ideal for use on firearms, tools, knives, and optics, the Otis Gun Towel 3-pack is perfect for cleaning a variety of surfaces without leaving behind lint and debris. Toss in your range bag or keep at your work bench. Easily remove dirt, gunpowder, blood, oils and grease. Three highly absorbent 12"x27.5" reusable microfiber gun towels are included.

PISTOL CLEANING MAT

#RW-3801

Durability meets practicality

Perfect for pistol cleaning or small gunsmithing projects. Non-slip rubber backing prevents oils from penetrating through to your bench and is lightly padded to protect your firearm. Measures 11" x 17".

SPORTSMAN'S CLEANING MAT

#AD-3800

Non-slip protection

Ideal for all gun cleaning, gunsmithing projects, reloading, and is large enough for use with rifles, pistols, and shotguns. The 3mm mat is lightly padded to protect your firearms and measures 35.25"x17.75". The rubber, non-slip backing will prevent oils from penetrating through and is great for precision work or resting your firearm on at the range or on your tailgate.

LENS CLEANING SUPPLIES

ALL PURPOSE BRUSHES

Multiple SKUs available

Nylon, Blue Nylon, Bronze & Stainless Steel

Otis All Purpose Receiver Brushes have double ends to allow for large surface scrubbing with one end and precision cleaning with the smaller end. AP Brushes are great for reaching hard to clean areas of your firearms. Other uses include automobile detailing, boats, golf equipment, battery terminals, camping, grout, jewelry, wood working, RC hobbies, crafts, and more.

Nylon & Blue Nylon

- Removes fresh carbon or powder residue but won't scratch your firearm finish
- For everyday use and can be used on virtually any surface including wood surfaces
- Nylon brush meets Military Specification
- Blue Nylon brush features stiff bristles that allow for a more aggressive clean

Bronze & Stainless Steel

- Scrub hard to reach places where carbon, powder, and copper residue build up
- Recommended for cleaning the area around the firing pin
- Perfect for slides, receivers and locking lugs
- Cleans stubborn residue on metal surfaces that require more aggressive scrubbing action
- Stainless steel for use on internal firearm parts only

Ranger 23 dB Electronic Earmuffs

#FG-ES23E-BKH

Electronic Pro Earmuffs that really do, do it all (except pull the trigger). Electronic earmuffs offer protection against harmful noise coupled with uninterrupted hearing of ambient noise - like range commands.

Slim low profile cups also feature a cutout for an improved cheek weld without sacrificing effectiveness. The adjustable headband ensures a proper fit and the soft band makes for a comfortable wear. The ear cups are composed of an ultra-comfortable gel and ensure a tight seal - even with glasses. Need to replace the cups? The snap in design makes it a breeze.

These ear muffs boast a Noise Reduction Rating (NRR) of 23dB. Plus the sound compression technology coupled with the omnidirectional microphones ensures maximum environmental sounds at a safe volume level. Boost ambient sound up to 5X while the 0.5 millisecond attack time is ultra-fast and offers uninterrupted hearing - it eliminates sound clipping of ambient noise after a gunfire so you don't miss important range commands.

The compact, folding earmuffs are easy to store at home or in your range bag. Powered by 2 AAA batteries (not included), the 4 hour auto shut off feature prolongs battery life. The on/off switch controls volume and an LED light indicates unit is powered on. An auxiliary input jack and included cord for connecting to phone or other devices.

Ranger 22 dB Bluetooth Earmuffs

#FG-ES22B-BKH

Hearing protection. Sound enhancement. Bluetooth Connection. Sounds like a win-win-win. The EarShield Electronic Earmuff with Bluetooth offers up this triple combo in a sleek, compact ear muff.

Hearing Protection. These slim, low profile muffs with adjustable headband boast a 22dB noise reduction rating. Additionally, they have a fast attack time of 0.01 second for optimal noise blocking over 82dB while minimizing interruption of ambient hearing. They feature sound activated compression & omnidirectional microphone technology for maximum environmental sounds at a safe volume level.

Sound Enhancement. With sound activated compression & omnidirectional microphone technology, these ear muffs deliver maximum environmental sounds at a safe volume level. They offer up to 5x amplification to hear even the quietest of sounds and are frequency tuned for national sound clarity.

Bluetooth Connection. Utilizing the latest in Bluetooth technology, you can make & receive calls or listen to music from your device. Separate volume control dials for Bluetooth and ambient sound deliver the exact volume desired for each function. An auxiliary input jack and cord are included for those who wish to keep a wired connection from the ear muffs to their device.

Additional Features. Ear cups are soft & comfortable for extended wear and are also easily replaceable with the snap-in design. These ear muffs are compact and foldable - making them easy to transport or store. They are powered by 2 AAA batteries, not included.

Scout 31 dB Earcuffs

#FG-ESH-31

Eliminates stock interference • Cool and comfortable • Adjustable to fit any shooter
No batteries required Lightweight and collapsible

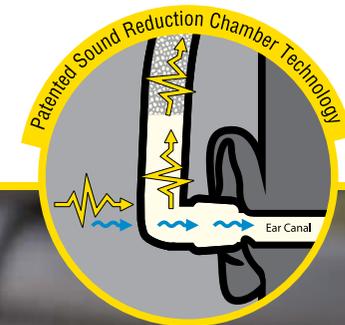

Otis Technology presents a smarter way to protect your hearing while improving your response to range commands and other communication. Soft ear buds form a seal around the outer ear canal and connect to the unique sound reduction chambers. Because sound energy travels the path of least resistance, high-intensity sounds, like gunfire, funnel into the wider sound reduction chambers and away from your narrow ear canals. The chamber dampens, refracts and cancels harmful waves to produce a safe volume across all frequencies. So you can hear important safety signals or conversations without removing the Ear Shield.

*Also available in 26 dB Earcuffs

#FG-ESH-26

Scout Replacement Cuffs (4)

#FG-ESH-C

Ranger 26 dB Passive Earmuffs

#FG-ES26P-BKH

You demand a lot from your hearing protection - not only does it need to protect your hearing, but it needs to be comfortable enough for all day wear and withstand the rigor you put it through. EarShield's got you covered with the Passive Earmuff. The folding design easily stores in your range bag and the soft ear cups & band make for a comfortable wear. The slim, low profile cups of the ear muffs are not only a sleek design but also limit interference with activities such as shooting. The noise reduction rating is 26dB NRR.

33 dB Foam Earplugs

#FG-ESH-FPNC50

Simple, effective and portable, these Premium Foam Earplugs are perfect for the range, workshop, garage and more. Toss a 50 pair can in your range bag and you'll always have ear protection. As a bonus you'll also get a water-proof screw top canister that holds 2 Earplugs that can clip onto any keyring or strap.
