# A TRADITION OF PERFORMANCE

As a hunter or marksman, the shooting sports are more than just a pastime or hobby—they're a tradition and a passion. At Otis Technology, we feel the same way. That's why we've dedicated over ***40 years*** to the pursuit of your firearm's flawless performance in the field or at the range.

Since we introduced our first compact cleaning system in 1985, we've continued to pioneer the most innovative and advanced gun cleaning systems—answering the changing needs of shooters and hunters worldwide. Today, our Memory-Flex® cables, caliber-specific bore brushes and 100% cotton patches continue to ensure a proper Breech-to-Muzzle® cleaning, so you can be confident that your firearm is ready for action when you are.

This year, the legacy continues with the launch of the ***Otis FLEX System®***, a series of modular, stackable storage cases that allow you to customize cleaning based on your needs. Featuring ***over 70 SKUs,*** all proudly designed, engineered and built in the U.S.A.

Our commitment doesn't stop at just the shooting sports. We're also proud to be a supplier of choice for our men and women in law enforcement and the military—and will continue to proudly manufacture and assemble our products ***right here in the U.S.A.***

# Essential Gun Cleaning Components

***What's in your kit and what it does***

Otis cleaning kits feature individual components which come together to ensure that you get a proper clean each and every time. Get to know each part and how it contributes to the well-being of your firearm.

### *Memory-Flex® Cable*

The aircraft grade flexible cables are coated so as to not damage the crown and have a 750lb pull strength. Compatible with all Otis cleaning components.

**NOTE:** Some cables come with a slotted tip permanently affixed to one end for limited breech cleaning.

### *100 % Cotton Patches*

Attach round patch to the slotted tip to form a cleaning swab, or use a square patch with a jag for total bore coverage.

### *Bore Brushes*

Otis brushes are built with a corrosive-resistant core wire with a tighter twist for better bristle retention and brush life. Available in bronze or nylon.

### *Cotton Bore Mops*

Otis mops have densely packed, highly absorbent cotton.

### *Pierce Point Jags*

The pointed design keeps your patch centered and allows it to fall off easily once the jag exits the muzzle. The solid brass makeup means that the jag will not scratch or damage your firearm.

### *Patch Savers®*

Used in conjunction with the 3 inch patches and shotgun slotted tip, the Patch Saver® creates 360 degree coverage in shotgun barrels.

### *Small, Large & Shotgun Slotted Tips*

The small slotted tip is used for .22 through .27 caliber firearms while the large slotted tip is used for .30 through .50 caliber firearms. You'll never guess what the shotgun tip is used for. Used in conjunction with 2 inch or 3 inch Cotton Patches to create a cleaning swab.

### *Obstruction Remover*

Used to clear mud, snow, dirt, or stuck cases. Available in two different sizes for small or large caliber firearms.

### *2-in-1 Fixed/Swivel T-Handle*

A push of a button allows you to twist the rod for better bore engagement for grooved barrels or push through on smooth bore firearms

### *Straight & Curved Locking Lug Picks*

Straight picked engineered to clean in the tight crevices of a firearm while the curved pick is designed specifically for the locking lugs of an AR-style rifle with a 90 degree bend to clean the back side of the locking lugs.

### *Locking Lug Scraper*

Designed specifically for the locking lugs of an M4/M16 with a 90 degree bend to clean the backside of the locking lugs.

### *Brass Scraper*

The brass scraper is used to clean carbon deposits and other debris from the bolt face, rails or any other flat surface on a firearm.

### *Mini End Brush*

This end brush can be used to lubricate the slide, but also has stiff enough bristles to dust off carbon and other loose debris.

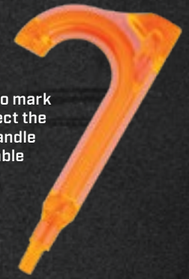

### *Female & Male Rods*

The female and male rods act as handles, and can be added onto any Otis component with 8-32 threads for additional length during precision cleaning.

### *Chamber Brush (For AR platform rifles only)*

The tapered bronze bristles scrub the chamber, neck and shoulder. The steel bristles at the base scrub the star chamber of the locking lugs. Standard 8-32 thread. See page 32 for brush sizes

### *Bore Reflector+*

3-in-1 tool allows you to mark the firearm safe, inspect the bore or use as a pull handle when threaded on a cable

*SHOOTER'S CHOICE*

### *FP-10 Lubricant Elite® CLP*

Increase total performance by reducing friction and wear while protecting against rust and corrosion. FP-10 removes carbon, lead & powder fouling. Comes in a half ounce bottle with a built-in applicator nozzle.

### *Short All Purpose Brush*

Short All Purpose receiver brush has nylon bristles for aggressive (yet safe on all finishes) cleaning and is complete with male 8-32 threads so that it may be connected to any female accessory for ease of use.

### *8-32 Thread Connector*

The thread connector has an 8-32 thread and allows you to combine two Memory-Flex® cables together, increasing the length for longer barrels.

### *Pin Punch*

Easily knock out pins during disassembly with 3/32 inch pin punch. Use with a rod handle segment for better control.

**FOR MORE INFORMATION** See page 52 for more information about bore brush, mop & jag sizes, cotton patches and all purpose brushes or to inquire about component replacement

OTIS FLEX SYSTEM®

We're bringing function to your gun cleaning cases with the new ***Otis FLEX System®***. It brings perpetual customization and modularity to gun care, allowing you to organize, build, modify and stack in configurations to meet your gun care needs. Thoughtfully designed, the ***Otis FLEX System®*** ensures you're always organized with the right tools for the job.

### *Always Organized*
Items easily insert into the various parts organizers for a secure fit.

### *Quick Access*
Storage trays and swiveling rails offer quick access and removal of components.

### *Room to Expand*
Designed for versatility, you can add or move various parts organizers around as you need.

### *Secure*
Parts are held securely in place - even difficult to contain items like cables and patches.

### *Connect and Stack*
The interlocking tabs allows you to stack cases and is compatible with all ***Otis FLEX System®*** cases.

### *Modular Design*
Cases and parts organizers are compatible with other ***Otis FLEX System®*** cases and organizers. Mix and match for your gun care needs.

# Breech-to-Muzzle® Cable Kits

*Multiple SKUs Available*

## The Original Otis Method

Time-tested performance meets smarter organization. The Breech-to-Muzzle® system trusted for ***over 40 years*** now comes in a cleaner, more efficient storage solution with the ***Otis FLEX System®***. Interchangeable organizers provide quick access to Memory-Flex® cables, brushes, slotted tips, and all the essentials needed to clear fouling and debris, meaning less chaos and more confidence.

Each ***Otis FLEX System®*** cleaning kit is fully modular and contains the same core elements as the Otis cleaning kits you've come to know and trust, now in a more organized approach to gun care. Items may vary based on caliber, and some kits may include specialized tools exclusive to a particular firearm's need (looking at you, AR-15), but everything comes in a case that keeps everything easily accessible and customizable.

# RIPCORDS®

*Multiple SKUs Available*

## *Pull-Through Bore Cleaner*

Ripcord® delivers ***the best one-pass cleaning*** you can get. Run it through your gun from Breech-to-Muzzle®, with no gravity feed necessary. The rigid, helix-shaped rubber core keeps the cleaning surface pressed against the bore, engaging the rifling for an aggressive clean. The braided Nomex® surface can take up to 700° heat, so you can clean it at the range or in the field while the barrel's still hot. It's fast, effective and ultra-portable.

Each ***Otis FLEX System®*** cleaning kit is fully modular and contains the same core elements you've come to know and trust in a more organized approach to gun care. Items will vary based on caliber.

## *Cleans all firearms from .17 cal through 12 gauge*

The ***Otis Elite®*** delivers top notch performance and durability to the avid gun user by ensuring a proper Breech-to-Muzzle® cleaning experience unique to the Otis Brand. This universal gun cleaning kit comes complete with ***over 60 components*** for all rifles, pistols, shotguns and in-line muzzleloaders, including a full ***Tactical Cleaning Kit (#FG-750)*** all contained in a lightweight, portable case. Proudly made in America and built to last, the ***Otis Elite®*** is a must-have addition to any firearm collection.

★★★★★

The Elite is a great kit! Everything you need in one cleaning kit! Used it at my work bench to clean multiple firearms and was never looking for another tool.

*Laura C.*

★★★★★

Great experience from receiving the package to unboxing it. I've used Otis products for a couple years now and nothing comes close. I love the fact it's all American based products.

*Derrick R.*

★★★★★

Has everything I need to keep my firearm collection in great shape. Even comes with a mini kit to take on the fly so you don't have to tote around the larger bag. Very happy with the purchase, will definitely go back to Otis for all my gun cleaning needs to include gift ideas.

# AR Elite Range Box

#FG-4016-AR

## *Cleans .223 cal/5.56mm AR-15 Pattern Rifles*

For the AR owner who has it all, the ***AR Elite Range Box*** is the gun cleaning kit that has it all – and more for AR-15 style rifles. This universal gun cleaning kit provides proper Breech-to-Muzzle® cleaning for AR-15 style rifles plus all the tools you need to pick, scrape and clean caked on carbon and fouling. Properly make sight adjustments and keep your optics clean. Breakdown your ARs safely without fear of marring with the included bench block. This comprehensive range box includes .223cal/5.56mm gear: ***MSR/AR Cleaning Kit, B.O.N.E.® Tool, Star Chamber Cleaning Tool*** and replacement pads, extra bore brushes & mops, ***Ripcord®***, All Purpose brush pack, gun cloth, gun towel pack, sight adjustment tool, lens cleaning kit, extra patches and Shooter's-Choice ***FP-10 Lubricant Elite® CLP.*** Proudly made in the U.S.A., it includes over 40 components plus 100 cotton cleaning patches all contained in a portable range box that doubles as a gun vice for stability while cleaning.

★★★★★

This kit has everything I need. The rifle mount is a nice added bonus. It holds my MSR style nicely. I highly recommend to anyone.

*Jared F.*

Includes AR-15 Magwell stand & two holding arms that allow you to rest rifle while apply solvent or perform cleaning tasks.

### *Personal Protective Equipment*

- Ranger 26dB Passive Earmuffs
- Eye Protection

### *Additional Items*

- Targets *(x10)*

★★★★★

My son recently completed his pistol permit course and trainer strongly encouraged everyone to get safety gear and a cleaning kit, among other things. After a quick search we found this and it's perfect. Everything you need and fits in his gun range bag. Bought a second one for my husband for his birthday and he loves it for his rifles. Thanks Otis!

*Sandy C.*

# Tactical Cleaning Kit

## 8-in-1 Pistol T-Tool

#FG-THT-P1

***Essential pistol maintenance tool***

This small, yet mighty tool is an essential item for any Glock owner. The Otis Technology 8-in-1 Pistol T-Tool handles a variety of maintenance needs for your pistol all in one tool that easily fits in your pocket, range bag or pistol case. The base handle has four distinct purposes – 1/4 inch bit driver, 8-32 threaded insert to accommodate additional components, Memory-Flex® cable slot for use as a T-handle and punch hammer for resetting pins. The tool also includes four bits that seat in the magnetized bit driver. The pin punch has additional length to full push takedown pins through the frame. Keep from losing the nut on the front site with the magnetized front site adjustment tool. The tool also comes with one 5/32 inch flat head and one #0 Philips bit.

***Featuring***

- Magnetized Front Sight Adjustment Tool
- Magnetized 1/4 inch Bit Driver
- Pin Punch
- 5/32 inch Flat Head Bit
- #0 Phillips Bit
- Punch Hammer
- 8-32 Threaded Insert
- T-Handle Slot for Memory-Flex® cables

## Magazine Plate Disassembly Tool for Glocks

#FG-GMDT

***Mags get dirtier than you think***

Safely and easily remove the magazine plate on Glock magazines for proper cleaning, maintenance and inspection with the use of the Otis Magazine Plate Disassembly Tool. This tool removes the base plate in order to change out or replace springs. Works with standard Glock magazines and won't damage the plate or magazine body. Not for use with Glock 30 round magazines or extended type base plates.

## 8-in-1 Pistol T-Tool & Magazine Disassembly Tool for Glocks

#FG-THT-P1-GMDT

Want both? Need to have both? We thought you might. Available in a bundle.

## Armorer's Pistol Tool

#FG-248-645C

***For quick take down and spot cleaning***

The Armorer's Pistol Tool offers four tools in one to service and maintain your semi-automatic pistols such as Glock, Sig Sauer, Smith & Wesson, Ruger, Taurus, FN, and H&K. Simply unscrew the nylon end brush to reveal a storage area for additional tools. Disassemble your pistol with ease using the 3/32 inch pin punch to knock out pins. Install, adjust or remove after-market front sights with the 3/16 nut driver. Remove the trigger connector with the small flat head screwdriver. Brush off any debris with the nylon end brush. The main body of the tool is textured for improved grip while working. Clip the tool in your pocket or in a compartment of your range bag.

***Featuring***

- Pin Punch
- End Brush
- Scraper
- 3/16 Nut Driver
- In-the-tube Storage

## 9mm Snap Caps

#FG-SC-9MM

***Drill baby, drill***

Great for inexpensive practice with your firearm, safety training, doing function checks or checking & adjusting trigger pull, Otis Snap Caps stand up to the job. These Snap Caps are also recommended for safe decocking of firearms without fear of firing pin damage or releasing tension on hammer springs while in storage. Don't let the cost of ammunition or lack of range time get in the way of dry fire drills or cycling practice. Precision machined with solid aluminum and hard anodized in safety red. Available in packs of five.

★★★★★

Picked up a new 5.56 Carbine - Wanted a cleaning kit to travel with it in my gun case - Otis provided the perfect tool in a 4x4 inch package! I trust Otis and have most of these cleaning components on my tool bench - but this is the absolutely perfect kit to travel with my bug-out rifle - everything you need - nothing you don't.

*Dale K.*

★★★★★

I bought the .223 cal MSR kit as a gift to a West Point Cadet. Its weight, completeness, compactness were instrumental.

*Kenneth L.*

★★★★★

Using this cleaning kit is a charm. So much better to pull through than push a rod. Read about Otis in a gun cleaning thread and had to check it out. Glad I did. I use it on a .308 DPMS style semi-auto.

*Russell P.*

★★★★★

Excellent and adequate maintenance from Otis! I will absolutely positively purchase more from Otis again! Oh, call them anytime and you receive a real answer from a real person for any concern you might have!

*Jonathan R.*

★★★★★

*(The B.O.N.E.® Tool)* accomplished everything I expected of it - both in the .223 and .308 (6.5 Creedmoor, actually.) I always believed my attempts at cleaning my ARs was done well; however, when using these tools, how mistaken I was! I discovered deposits of carbon fouling that I even failed to see - but the tools showed me the error of my thinking! Very glad that I saw your add for the B.O.N.E. Tool. It seemed like it would be a productive instrument...AND, IT WAS!

*Christopher M.*

# .308 CAL/7.62MM MSR/AR

#FG-762-MSR

## *Cleans .308 cal/7.62mm AR-10 Pattern Rifles*

# B.O.N.E.® Tool

*Multiple SKUs Available*

## Cleans Bolt, Bolt Carrier & Firing Pin of MSR/ARs

The ***B.O.N.E.® Tool*** was designed specifically to clean carbon and fouling from the bolt carrier assembly area of MSR/AR style rifles. This quick-clean tool scrapes fouling from the bolt, bolt carrier and firing pin. Also includes an 8-32 threaded hole to act as t-handle. Available for 5.56mm or 7.62mm MSR/AR style rifles.

***PLEASE NOTE***

While this tool fits many bolts flawlessly, it may fit some bolts better than others due to variance in bolts by different manufacturers.

# DEFENDER® SERIES

*Multiple SKUs Available*

## *1 Kit, 3 Ways to Clean*

Keep your rifles & pistols clean, clear, and ready to go with the ***Defender® Series*** cleaning system, containing everything you need for a quick, one-pass clean to a full breakdown. With three different cleaning methods, including the ***Ripcord®*** for a quick, one-pass clean, solid rods, and everything you need for a Breech-to-Muzzle® clean with our Memory-Flex® cables, 100% cotton patches and brass components.

★★★★★

I had already purchased two other cleaning kits, one 9mm kit, the other a 5.56/.223, they didn't compare. I wished I had done my homework and made it to Otis first. Having the 9mm and 5.56/.223 in the same kit was perfect for me. You get what you pay for and Otis is worth it. Don't waste your money on those other kits, start with Otis.

# RIPCORD®

*Multiple SKUs Available*

## Pull-Through Bore Cleaner

***Ripcord®*** delivers the best one-pass cleaning you can get. Run it through your gun from Breech-to-Muzzle®, with no gravity feed necessary. The rigid, helix-shaped rubber core keeps the cleaning surface pressed against the bore, engaging the rifling for an aggressive clean. The braided Nomex® surface can take up to 700° heat, so you can clean it at the range or in the field while the barrel's still hot. It's fast, effective and ultra-portable.

*For additional **Ripcord®** products, turn to page 14*

★★★★★

It's perfect! Simple, easy, cleans great especially with a bore brush and the Otis foaming bore cleaner makes extremely easy, fast, and light work of cleaning.

*Thomas M.*

★★★★★

Outstanding! The Ripcord system cleans properly, from chamber to muzzle, and does it quickly and easily. No more multi-piece rods to mess with, and no more worry about damaging the barrel's crown, as can happen with some rods. Highly recommended!

*Trent P.*

★★★★★

I like the Ripcord design, it works very well, an also integrates nicely with my other Otis cleaning products. I keep them in my range bag for a quick clean on heavy shooting days.

*William D.*

## RIPCORD® TEN PACK

#FG-RC-SET1

Featuring 10 of the most popular caliber and gauge ***Ripcords®*** for quick and easy cleaning along with a t-handle for better grip when pulling Breech-to-Muzzle®. Also doubles as the base for the short All Purpose brush, great for cleaning hard to reach areas on your firearm. The hanging carry case features 13 pouches to store your ***Ripcords®*** along with room to add additional gear. Fold it up to toss in the range bag or hang it above your work bench.

# Solid Rods

***Multiple SKUs Available***

## *Traditional Rod Cleaning*

Our one piece cleaning rods are made in the USA and designed to offer an easy and effective way to clean your firearms. Built for precision cleaning with American quality and durability that won't scratch or damage your barrel or collect debris. The full size handle offers dual functionality. With the swivel end installed, the rod turns with the rifling or install the fixed end for smooth bore or chamber cleaning. Remove fouling and clean with your choice of Otis jags and patches to bore mops and brushes.

★★★★★

The Otis shotgun cleaning rod is a high quality cleaning rod for shotgun cleaning. This rod is not flimsy or light in any way. This is a very rigid rod that will not bend or bow while using. Should last a lifetime or two.

# Suppressor Cleaner

**#FG-SUP-CLN**

## *Cleans suppressors up to 12 inches long*

Suppressors can get dirty easily but cleaning them isn't always so easy. Extend the life of your suppressor with the ***Otis Suppressor Cleaning Kit.*** This kit includes everything you need to remove most carbon fouling and build up from suppressors – Soaking Container, ***Suppressor Cleaner Concentrate (#IP-916-SCFC),*** Baffle & All Purpose cleaning brushes and Microfiber Cloth. A pair of black Nitrile gloves are also included.

***This kit includes***

- 9 x 4 x 2 inch Soaking Tube
- Suppressor Cleaner Concentrate *(16 oz)*
- Nylon Baffle Brush & Handle
- Double End All Purpose Brushes *(Nylon, Bronze and Stainless Steel)*
- Microfiber Cloth *(8x12 in)*
- Nitrile Gloves
- Instruction Manual

★★★★★

I tried this suppressor cleaning kit and it did a fantastic job. I previously purchased another brand. This kit had more brushes to get into the small crevices of my printed inconel suppressor and it is half the price. Definitely a great produce and an even better value.

*Joel T.*

## Suppressor Cleaner Concentrate

**#IP-916-SCFC**

***16 fluid ounce refill sold separately, makes 32 ounces of cleaning fluid***

# Muzzleloader Cleaning Kit

**#FG-50MZ**

## *Cleans .50 cal muzzleloaders*

Muzzleloaders can get extremely dirty, even after just one shot. If they aren't cared for often enough, it can make it incredibly difficult to clean or even properly load your muzzleloader. A simple cleaning kit and a proper cleaning regimen are all you need to ensure your muzzleloader doesn't end up in dire condition. Comprised of 10-32 threaded components designed specifically for use with the ramrod that comes with your muzzleloader, this cleaning kit can be used with your choice of muzzleloader cleaning chemicals.

- 9.75 x 4.75 x 1.25 inch Tackle Case

***Solid Rod Cleaning (Use the ramrod)***

- .50 cal Bronze Bore Brush
- Breech Brush
- .50 cal Cotton Bore Mop
- Muzzleloader Jag
- Slotted Tip
- Cotton Cleaning Patches *(x50)*

***Additional Components***

- Microfiber Gun Cloth
- Pick
- Short All Purpose Brush
- Rod Handle
- Instruction Manual

★★★★★

This Kit is good quality. Love the carrying case to keep everything together and organized.

*A.C.*

# Airgun Maintenance & Cleaning Kit

**#FG-AG-MNT**

## *Cleans .17 through .30 caliber*

Properly cleaning and maintaining your airguns is a lot like cleaning your traditional firearms but there are some important differences. A silicone-based lubricant and silicone gun cloth to lubricate and protect your airgun while maintaining the integrity of o-rings, seals, and gaskets. A 7-piece Hex L-wrench set that ranges from .71mm to 3mm aids in disassembly of your airguns for maintenance work. A bent pick helps easily remove o-rings and the All Purpose Brush as well as the end brush offer detail cleaning or lubricant application. This kit also includes Breech-to-Muzzle® cleaning gear – a 34 inch Memory-Flex® cable with affixed slotted tip and 2 inch patches *(x10)* for proper bore cleaning. You'll also be able to maintain your optic with lens cleaning gear. Clean the lead and other heavy metals from your skin with the included lead cleaning hand wipe. All contained in a tackle-box style case.

- 9.375 x 6.5 x 2.25 inch Tackle Case *with* Removable Tray

***Breech-to-Muzzle® Cleaning***

- 34 inch Memory-Flex® Cable *with* affixed tip
- Airgun Lubricant *(0.5 oz)*
- 2 inch Cotton Cleaning Patches *(x10)*

***Additional Components***

- Lens Tissues *(x25)*
- Cleaning Swabs *(x6)*
- Lens Brush
- Lens Cloth
- Lead Cleaning Hand Wipes
- End Brush
- Bent Pick
- Short All Purpose Brush
- Rod Handle
- Silicone Gun Cloth
- Hex L-wrench set *(.71, .89, 1.27, 1.5, 2, 2.5 & 3mm)*
- Instruction Manual

★★★★★

This is a great kit for serious airgun enthusiasts. I like that it had room to expand and that is customizable. I added some O-rings, additional wipes, and a multitool.

*Airgunner25*

# Dry Lube

*Multiple SKUs Available*

## *Lubricate with no mess*

Originally developed for the United States military, Otis ***Dry Lube*** is our most advanced formula yet. Designed for desert use, it lets you quickly and effectively lubricate your firearm in the most unforgiving environments. Dries to the touch in less than 20 seconds and seals out moisture with a thin film of lubricant.

| *DESCRIPTION (SIZE)* | *ITEM #* |
|---|---|
| Aerosol *(2 oz)* | #RW-902-A-55 BU |
| Aerosol *(4 oz)* | #IP-904-A-55 |

# 085® CLP

*Multiple SKUs Available*

## *Out perform the rest*

***085® CLP*** is our most time-tested formula, with over 30 years of proven performance in cleaning, lubricating and protecting firearms. But don't let old age fool you. ***085® CLP*** uses advanced engineering to penetrate tight spaces and create a thin film that stops rust and corrosion for long-lasting protection. Cleans, lubricates and protects in one advanced formula while removing carbon, powder residue and fouling from metal surfaces leaving a thin film that seals out moisture to prevent rust and corrosion.

| *DESCRIPTION (SIZE)* | *ITEM #* |
|---|---|
| 085® Tin *(4 oz)* | #IP-904-085 |
| 085® Wipes *(Dual Pack)* | #IP-2TW-085 |
| 085® Wipes Canister *(x40)* | #IP-40C-085 |

# Precision Gun Oil

*Multiple SKUs available*

## *Lubrication & rust prevention*

Otis ***Precision Gun Oil*** brings you superior lubrication and corrosion protection for every firearm in your safe. This long lasting lubrication reduces friction between moving parts, helping ensure smooth operation and cycling. ***Precision Gun Oil*** creates a protective barrier against moisture and oxygen, which prevents rust and corrosion. Effective in temperatures ranging from -35°F to 345°F and humid environments.

| *DESCRIPTION (QUANTITY)* | *ITEM #* |
|---|---|
| 1 oz Bottle with Precision Applicator | #FG-GO-1 |
| 4 oz Tin | #FG-904-GO |

★★★★★

*(085® CLP)* This product does not have a strong odor yet cleans just as well. It does a good job on carbon build up and protects my barrel and other steel parts.

*JoAnn W.*

★★★★★

The first time I used it *(Foaming Bore Cleaner)* I was surprised. Sprayed in bore and waited for foam to dissipate. Ran a Ripcord through twice. Ran a swab through barrel and there was nothing on the swab! Barrel was clean. This has made a chore of cleaning with swabs and liquid cleaners disappear. No odor either. I was impressed.

*James C.*

★★★★★

*(Dry Lube)* Great lubricant. Have used this lube for many yrs. It is non-sticky/doesn't collect dust etc like normal gun oils. I will never use another kind of lubricant on my automatic shotguns. Dries quickly also.

*Lance R.*

★★★★★

This *(MC-10)* is by far the best formula lubricant that I have used so far. It stands up to extreme heat and does not gum the action even when shooting "dirty" Ammo. I am impressed with this product and recommend carrying it in your range box and for use in cleaning and maintenance.

*Steve S.*

# Foaming Bore Cleaner

#RW-903-A-FC

## *Clean smarter not harder*

Let expanding foam and time do the hard work in cleaning your firearm. Simply spray in the breech end and the foam will expand to fill the bore and ensure complete product coverage. Let sit until foam breaks down and then remove using an Otis Breech-to-Muzzle® cleaning kit or ***Ripcord®***.

*Mission Critical*

# High Performance Grease & Lubricant

#FG-MCLGC

## *Ultimate in friction protection*

As a unique mix of aerospace-industry lubricants that was formulated specifically for firearms, MC-10 delivers unrelenting protection. It doesn't look or feel like other formulas – and it doesn't break down like other formulas when things get heated. This combo package includes a 1 fl oz spray bottle of MC-10 high performance synthetic lubricant as well as a MC-10 high performance synthetic grease contained in a 3mL precision applicator pen brush. These formulas deliver the ultimate in friction protection and won't freeze, burn, or carbonize – even in extreme temperatures.

# Silicone Gun Cloth

#FG-3503

## *Reusable cloth & reusable bag*

Keep your firearm looking and performing like new with the Otis ***Silicone Gun Cloth.*** The shine this cloth leaves behind isn't just for looks, it offers a long-lasting protection from rust and corrosion too. Composed of soft 100% cotton and saturated with the right amount of silicone, it leaves a thin layer of protection without making a mess. The 10x14 inch cloth is made in the USA and comes in a resealable pouch to keep it free of dust for repeated use. It is safe, odorless and non-toxic. Just wipe, polish and protect. The ***Silicone Gun Cloth*** is great for firearms, knives, fishing reels, tools and more and works on all metal, wood and plastic.

# Lead Cleaning Hand Wipes

#FG-40C-LRW

## *40-count canister*

Cleans lead and metals from your hands and face quickly and easily without soap or water. This 40 count canister of wipes can be tossed in your range bag or kept on your gun cleaning bench to clean harmful lead after shooting and reloading.

# Bench Block

**#FG-BBLK-1**

## *Durability meets practicality*

Accommodates a wide variety of firearm take down needs. Offering the perfect balance of hardness to ensure minimal energy loss when punching out pins while also protecting your firearm. A variety of oversized holes are featured on the block to allow for pin removals sized 1/16 – ¾ inch thus covering every firearm's needs. Flat and round pockets securely accommodate nearly any pistol slide while the v-cut offers a stable surface for working with larger round objects such as a rifle bolt or rounded pistol slide. The square hole is designed to assist while easily removing the rear sight from nearly any pistol. Our ***Bench Block*** also features a magnet to store small parts such as springs and pins.

# Vise Jaws

***Multiple SKUs Available***

## *Tough, durable & reliable*

Designed by professional gunsmiths, ***Otis Vise Jaws*** are an essential item to protect your firearm while keeping it secure in a vise. Works with light duty vises up to large, heavy duty vises *(minimum vise jaw measurement is 4 x 1/2 inch)*. Composed of a non-slip rubber material, with the perfect balance of hardness and flexibility that won't mar or scratch gun metals. The rubber is oil, solvent and alcohol resistant and easily wipes clean. Featuring a top lip that helps protect the firearm and, in conjunction with embedded magnets, hold vise jaws in place.

| ***DESCRIPTION*** | ***ITEM #*** |
|---|---|
| General Use Jaws | #FG-VSJ-GEN |
| Flat Jaws | #FG-VSJ-FLT |

# AR-15 Lock Block

**#FG-ARLB**

## *Lock and install*

Make the removal and installation of barrels and even hand guards quicker, while also allowing you to tackle stuck barrel nuts with ease. Held in a standard bench vise, the ***AR Lock Block*** locks into the barrel extension, securing it from twisting and minimizing the chance of marring. The torque is applied to the barrel extension rather than aluminum upper – for a stronger, more secure hold. To accommodate internal receiver differences present in the market, the ***AR Lock Block*** is designed with a bronze bushing which allows the tool to work with slightly smaller internal specs. Designed for Mil. Spec. receivers, the ***AR Lock Block*** works on most ARs. Crafted from 1018 steel and finished in a manganese phosphate coating, it'll stand up to the job and then some.

★★★★★

*(AR-15 Lock Block)* I used this on my 300 Blackout to install my gas block and muzzle device. It worked very well. Simple to use just clamped it in my vise and slide the barrel onto shaft. Easy to rotate barrel when needed. Best tool I've bought.

***Tim S.***

★★★★★

*(AR-15 Lock Block)* This Otis Lock Block was exactly what I needed to replace my stock suppressors with new Keymo devices for Silencers. The feel of the upper receiver locking in place on this lock block along with the brass sleeve, made the upper receiver feel like it was locked in the vise itself. I definitely recommend this product to anyone needing an AR-15 lock block!

***Dan S.***

★★★★★

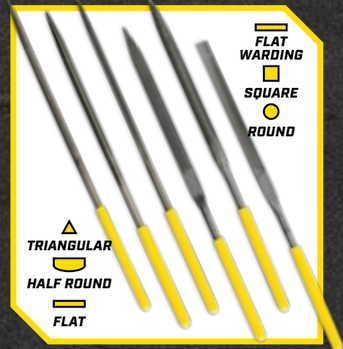

*(Gunsmithing Punch Set)* First, it was great to find this set. I wasn't in the arena to buy a giant set of punches when I only needed a handful. Plus, them being brass, there was less chance of dinging my rifles. The price was good too. So, stop reading my review and buy this set. Fits right in with a range bag or at home in your maintenance kit.

***Sean N.***

★★★★★

*(Gunsmithing File Set)* Worked excellent for doing finish work. I have several older guns that the metal fit and finish wasn't what I liked so was able to get in to some tight places and smooth out some machine marks. I have plans to work on some my ARs and AKs to get the tolerances better.

***Rick W.***

*GUNSMITHING*

# File Set

**#FG-934**

## *Essential gunsmithing tools*

These hardened steel alloy files make the perfect addition to any work bench and make quick work of any project. With dipped handles that stand up to any job and provide easy maneuverability, superior grip and excellent control. Perfectly suited for precise work, the 6 piece ***Gunsmithing File Set*** increases your accuracy during use while reducing hand and wrist stress. The included PVC pouch provides a storage option keeping your tools neatly organized and protected. Each piece is 5.5 inch long with 3.5 inch file length.

*GUNSMITHING*

# Punch Set

**#FG-935**

## *Safely install or remove solid pins*

For all your at-home gunsmithing needs, this ***Gunsmithing Punch Set*** gets the job done. Assemble and disassemble firearms, install or remove solid pins, align parts, hold springs in place and more. Made from corrosion resistant brass and hex machined. The chamfered striking surface reduces burring.

***Includes***

5 brass, 4 inch long pin punches

Sizes 3/32, 3/16, 5/32, 1/8 & 1/4

## Microfiber Gun Cloth 3 Pack

#RW-3501-3

### *Gentle but durable & reusable*

The Otis ***Microfiber Gun Cloth*** is perfect for cleaning all surfaces. This 12 x 8 inch reusable cloth is ideal for use on firearms, tools and knives as well as optics.

## Gun Towels 3 Pack

#FG-3502-CG-3

### *Tough & absorbent*

Ideal for use on firearms, tools, knives, and optics, the Otis ***Gun Towel 3-Pack*** is perfect for cleaning a variety of surfaces without leaving behind lint and debris. Toss in your range bag or keep at your work bench. Easily remove dirt, gunpowder, blood, oils and grease. Three highly absorbent 12 x 27.5 inch reusable microfiber gun towels are included.

## Pistol Cleaning Mat

#RW-3801

### *Any space a workspace*

Perfect for pistol cleaning or small gunsmithing projects. Non-slip rubber backing prevents oils from penetrating through to your bench and is lightly padded to protect your firearm. Measures 11 x 17 inches.

## Sportsman's Cleaning MAT

#AD-3800

### *Non-slip protection*

Ideal for all gun cleaning, gunsmithing projects, reloading, and is large enough for use with rifles, pistols, and shotguns. The 3mm mat is lightly padded to protect your firearms and measures 35 x 17 inches. The rubber, non-slip backing will prevent oils from penetrating through and is great for precision work or resting your firearm on at the range or on your tailgate.

## Lens Cleaning Supplies

# All Purpose Brushes

**Multiple SKUs available**

## Nylon, Blue Nylon, Bronze & Stainless Steel

Otis All Purpose Receiver Brushes have double ends to allow for large surface scrubbing with one end and precision cleaning with the smaller end. AP Brushes are great for reaching hard to clean areas of your firearms. Other uses include automobile detailing, boats, golf equipment, battery terminals, camping, grout, jewelry, wood working, RC hobbies, crafts, and more.

### Nylon & Blue Nylon

- Removes fresh carbon or powder residue but won't scratch your firearm finish
- For everyday use and can be used on virtually any surface including wood surfaces
- Nylon brush meets Military Specification
- Blue Nylon brush features stiff bristles that allow for a more aggressive clean

### Bronze & Stainless Steel

- Scrub hard to reach places where carbon, powder, and copper residue build up
- Recommended for cleaning the area around the firing pin
- Perfect for slides, receivers and locking lugs
- Cleans stubborn residue on metal surfaces that require more aggressive scrubbing action
- Stainless steel for use on internal firearm parts only

*PROUDLY IN PARTNERSHIP WITH*

ROSE™ BY SIG SAUER

*AVAILABLE NOW FOR THE*
## P365 *AND* M400 ROSE

ROSE by SIG SAUER was created by women, for women and is a community and support system for firearm owners to build confidence and skill at every level. Otis Technology's quality, USA-made gun cleaning kits and accessories were aligned and designed to support the ROSE by SIG SAUER community. The officially licensed gear is not only functional but aligns with the signature ROSE branding for an ultra-premium, sleek feel.

We were honored when SIG SAUER approached us to collaborate on a dedicated line of ROSE gun cleaning products. Our company was founded by a 16-year-old young woman, and from the very beginning, our corporate culture has been deeply rooted in supporting new shooters through programs and initiatives that foster education, safety, and confidence. We are proud to join SIG SAUER and support the ROSE community – not only in this product line but in the cleaning & maintenance training and support as well.
